Cause No. 23S-MS-10

Order Amending Child Support Rules and Guidelines

Under the authority vested in this Court to provide by rule for the procedures employed in all courts of this state and this Court's inherent authority to supervise the administration of all courts in this state, the Indiana Child Support Rules and Guidelines are amended as set forth in Exhibit "A", Exhibit "B", and Exhibit "C" to this order (deletions shown by ~~strikethrough~~ and new text shown by underlining).

These amendments are effective January 1, 2024.

Done at Indianapolis, Indiana, on 10/17/2023.

A handwritten signature in black ink that reads "Loretta H. Rush".

Loretta H. Rush
Chief Justice of Indiana

All Justices concur.

CHILD SUPPORT RULES AND GUIDELINES

CHILD SUPPORT GUIDELINES

GUIDELINE 1. PREFACE

...

COMMENTARY

...

Economic Data Used in Developing Guidelines. *What does it take to support a child? The question is simple, but the answer is extremely complex. Yet, the question must be answered if an adequate amount of child support is to be ordered by the court. Determining the east-amount of spending attributable to children is complicated by intertwined general household expenditures. Rent, transportation, and grocery costs, to mention a few, are impossible to accurately apportion between family members. In developing these Guidelines, a great deal of reliance was placed on the research of Thomas J. Espenshade, (Investing In Children, Urban Institute Press, 1984) generally considered the most authoritative study of household expenditure patterns. Espenshade used data from 8,547 householdsthe 1972 and 1973 Consumer Expenditure Survey, and from that data estimated average expenditures for children present in the home. This methodological approach, known as the Engel methodology, is based upon estimates of how household spending on food as a percent of total spending varies with the number of children and total spending of the household. Espenshade's estimates demonstrate that amounts spent on the children of intact households rise as family income increases. They further demonstrate at constant levels of income, ~~that~~ expenditures on children decrease for each child as family size increases. These principles are reflected in the Guideline Schedules for Weekly Support Payments, which are included in the Indiana Child Support Guidelines. By demonstrating how expenditures for each child decrease as family size increases, Espenshade should have put to rest the previous practice of ordering equal amounts of support per child when two or more children are involved.*

Subsequent guidelines reviews have considered more current economic studies of child-rearing expenditures using more recent survey data and alternative methodologies to allocate the family's spending to children (e.g., Mark Lino, Expenditures on Children by Families: 2006 Annual Report, United States Department of Agriculture, 2007; David Betson, State of Oregon Child Support Guidelines Review: Updated Obligation Scales and Other Considerations, report to State of Oregon Department of Justice, 2006). While the Engel methodology was initially used to develop guidelines schedules, it is based upon the assumption the economies of scale in food consumption will also reflect economies in scale in other spending.

An alternative methodology is the Rothbarth approach. This approach is based on the assumption the amount of spending on children can be inferred by examining how the parents reduce spending on themselves as the number of children in the family increases. These periodic guidelines reviews have concluded that the Indiana Guidelines based on the Espenshade estimates are generally within the range of morecurrent estimates of child-rearing expenditures. A notable exception The Rothbarth methodology using the 2013 to 2019 Consumer Expenditure Survey results in spending levels which more accurately reflect the direct estimates of child spending.

In 2009, estimates of child spending suggested at high incomes (above \$4,000 combined weekly incomes) spending on children leveled off while the child support schedule for combined weekly adjusted incomes above \$4,000 significantly declined. In 2009 this exception was removed. The increase is now incorporated into the schedule up to combined weekly adjusted incomes of \$10,000 and a formula is provided for incomes above that amount. Previously, a formula was provided for combined weekly adjusted incomes above \$4,000. The Weekly Support Schedule for combined income more than \$4,000 was changed to reflect the findings of the more current data and estimates of spending. The 2023 guideline review found estimates of spending by intact families on children were significantly larger than the current schedule. Beginning in 2024, the Weekly Support schedule was changed to reflect these more recent estimates at all levels of income.

...

Flexibility Versus Deviation from the Rebuttable Presumption. The Child Support Rules create a rebuttable presumption; that the amount of the award which would result from the application of the Child Support Guidelines is the correct amount of child support to be awarded. The creation of a rebuttable presumption recognizes the existence of factors or circumstances which are unable to be incorporated in the formulas used under the Guidelines. there is room for flexibility. Guidelines are not immutable, black letter law. A strict and totally inflexible application of the Guidelines to all cases can easily lead to harsh and unreasonable results. If a judge believes that in a particular case application of the Guideline amount would be unreasonable, unjust, or inappropriate, a finding must be made that sets forth the reason(s) for supporting the deviation from the Guideline amount. The finding need not be as formal as Findings of Fact and Conclusions of Law; the finding need only articulate the judge's reasoning. For example, if under the facts and circumstances of the case, the noncustodial parent would bear an inordinate financial burden, the following finding would justify a deviation:

"Because the noncustodial parent suffers from a chronic medical condition requiring uninsured medical expenses of \$3597.00 per month, the Court believes that setting child support in the Guideline amount would be unjust and/or inappropriate under the circumstances. The Court finds support should be instead sets support in the amount of \$ ___ per week."

Any child support order deviating from the Guideline must include the Child Support Obligation Worksheet even if the support order is zero dollars (\$0.00).

Agreed Orders submitted to the court must also comply with the "rebuttable presumption" requirement; that is, the order must recite why the order deviates from the Guideline amount. A reason for the deviation must be included; a simple statement the parties agree to the deviation is not sufficient under the Guidelines. A copy of the Child Support Obligation Worksheet setting forth the Guideline amount must be included.

...

2. Situations Calling for Deviation. An infinite number of situations may prompt persuade a judge to deviate from find the Guideline amount. to be unjust or inappropriate and to deviate from the Guideline amount in awarding child support. For illustration only, and not as a complete list, the following examples are offered:

- One or both parties pay union dues as a condition of employment.
- A party provides support for an elderly parent.
- ~~The noncustodial parent purchases school clothes.~~
- The noncustodial parent has extraordinary personal medical expenses ~~for himself or herself.~~
- A parent is a member of the armed forces and the military provides housing.

~~The obligor is still making periodic payments to a former spouse pursuant to a prior Dissolution Decree.~~

- ~~• The parents share the controlled expenses of the child.~~
- ~~• The parent is on work release or a similar correctional program requiring payment of fees.~~
- ~~• The children spend different numbers of overnight parenting time with the noncustodial parent.~~
- ~~• One of the parties is required to travel an unusually long distance in the course of employment on a regular or daily basis and incurs an unusually large expense for such travel, and~~
- The custodial or noncustodial parent incurs significant travel expense in exercising parenting time.

~~Again, no attempt has been made to define every possible situation that could conceivably arise. It is impossible to imagine every possible situation which may affect the when~~ determination of child support and to prescribe a specific method of handling each of them. Practitioners must keep this in mind when advising clients and when arguing to the court. Many creative suggestions will undoubtedly result. All attempts to deviate from the Guideline amount must include submission of the Child Support Obligation Worksheet and reason(s) why use of the Guideline amount is unjust or inappropriate. Judges must also avoid the pitfall of blind adherence to the computation for support without giving careful consideration to the variables ~~that~~ requirerequiring a changing the different result in order to do justice.

COMMENTARY TO GUIDELINE 3A

Weekly Gross Income.

...

2. Determination of Weekly Gross Income. ...

...

b. Overtime, Commissions, Bonuses and Other Forms of Irregular Income.

...

One method of treating irregular income is to determine the ratio of the basic child support obligation (line 4 of the worksheet) to the combined weekly adjusted income (line 3 of the worksheet) and apply this ratio to the irregular income during a fixed period. For example, if the basic obligation was \$1~~20~~20.00 and the combined income was \$650.00, the ratio would be ~~.16984~~.16984 ($\$1~~20~~20.00 / \650.00). The order of the court would then require the obligor to make a lump sum payment of ~~.16984~~.16984 of the obligor's irregular income received during the fixed period.

Determining Weekly Adjusted Income. ...

3. Legal Duty to Support for Prior-born Child(ren) When No Court Order Exists.

...

B. Prior Born Child(ren) In the Home. ...

...

ii. Income of a Parent Unknown: ...

a. For example, the gross weekly income of the parent seeking the adjustment is \$400.00 and there is one prior born child in the home. The gross weekly income for the other parent of the prior born child is unknown. The other parent's gross weekly income would be set at \$0.00 to determine the legal duty to support that prior born child. The legal duty to support that prior born child for the parent seeking the adjustment would be \$~~796~~8.00 from the Guideline Schedules for Weekly Support Payments.

b. For example, the gross weekly income of the parent seeking the adjustment is \$400.00 and there are two prior born children in the home with different parents. The gross weekly incomes for those other parents of the prior born children are unknown. Those other parents' gross weekly incomes would be set at \$0.00 to determine the legal duty to support those prior born children. The legal duty to support those two prior born children for the parent seeking the adjustment would be \$~~198~~8.00 from the Guideline Schedules for Weekly Support Payments.

...

GUIDELINE 6. PARENTING TIME CREDIT

...

COMMENTARY

...

Analysis of Parenting Time Costs. *An examination of the costs associated with the sharing of parenting time reveals two types of expenses are incurred by both parents, transferred and duplicated expenses. A third category of expenses is controlled expenses, ~~such as the 6% uninsured health care expense~~ that remains the sole obligation of the parent for whom the parenting time credit is not calculated. This latter category is assumed to be equal to ~~154.1~~% of the Basic Child Support Obligation.*

Transferred Expenses. *This type of expense is incurred only when the child(ren) reside(s)*

with a parent and these expenses are “transferred” with the child(ren) as they move from one parent’s residence to the other. Examples of this type of expense are food and the major portion of spending for transportation. When spending is transferred from one parent to the other parent, the other parent should be given a credit against that parent’s child support obligation since this type of expense is included in the support calculation schedules. When parents equally share in the parenting, an assumption is made that 35.4% of the Basic Child Support Obligation reflects “transferred” expenses. The amount of expenses transferred from one parent to the other will depend upon the number of overnights the child(ren) spend(s) with each parent.

Duplicated Fixed Expenses. ...

When parents equally share in the parenting, an assumption is made that 50.5% of the Basic Child Support Obligation will be “duplicated.” When the child(ren) spend(s) less time with one parent, the percentage of duplicated expenses will decline.

Controlled Expenses. This type of expense for the child(ren) is typically paid by the custodial parent and is not transferred or duplicated. Controlled expenses are items like clothing, education, school books and supplies, ~~ordinary uninsured health care~~ and personal care. For example, the custodial parent buys a winter coat for the child. The noncustodial parent will not buy another one. The custodial parent controls this type of expense. “Education” expenses include ordinary costs assessed to all students, such as textbook rental, laboratory fees, and lunches, which should be paid by the custodial parent. The cost of participating in elective school activities such as sports, performing arts and clubs, as well as related extracurricular activities are “optional” activities covered by the paragraph on “Other Extraordinary Expenses” in Guideline 8.

The controlled expenses account for 154.1% of the cost of raising the child. The parenting time credit is based on the more time the parents share, the more expenses are duplicated and transferred. The controlled expenses are not shared and remain with the parent that does not get the parenting time credit. Controlled expenses are generally not a consideration unless there is equal parenting time. These categories of expenses are not pertinent for litigation. They are presented only to explain the factors used in developing the parenting time credit formula. The percentages were assigned to these categories after considering the treatment of joint custody by other states and examining published data from the Bureau of Labor Statistics’ Consumer Expenditure Survey.

...

Parenting Time Table. The TOTAL column represents the anticipated total out-of-pocket expenses expressed as a percentage of the Basic Child Support Obligation that will be incurred by the parent who will pay child support. The total expenses are the sum of transferred and duplicated expenses. The DUPLICATED column represents the duplicated expenses and reflects the assumption that when there is an equal sharing of parenting time, 50.5% of the Basic Child Support Obligation will be duplicated. The Number of Annual Overnights column will determine the particular fractions of TOTAL and DUPLICATED to be used in the Parenting Time Credit Worksheet.

Table PT

Calculating Parenting Time Credit When a Parent Spends Different Number of Overnights With Their Children.

In families with multiple children, a noncustodial parent may not exercise equal amounts of overnight parenting with all the children. In this case, please use this methodology to calculate the parenting time credit.

Step 1: Determine the parenting time credit for the total number of children and each different set of overnights, assuming all the children are exercising the same number of overnights.

For example, if the custodial parent makes \$850.00 weekly and the noncustodial parent makes \$600.00, there are three children and child 1 spends 56 overnights, child 2 spends 120 overnights and child 3 spends 180 overnights, three parenting time credits will be determined for 3 children at 56 overnights (PTC), 120 overnights (PTC) and 180 overnights (PTC).

Step 2: Average the different overnight parenting time credit dollar amounts.

For example, \$28.95 + \$134.94 + \$206.95 = \$370.84 total, divided by 3. The resulting Parenting Time Credit is \$123.61.

Step 3: The averaged parenting time credit shall then be entered on Line 7 of the Child Support Obligation Worksheet for the noncustodial parent.

The above procedure is consistent with the holding in *Blanford v. Blanford*, 937 N.E.2d 356 (Ind. Ct. App. 2010).

Split Custody and Child Support. In those situations where each parent has physical custody of one or more children (split custody), it is suggested that support be computed by completing the Child Support Obligation Worksheets in the following manner the child support calculation will require two different worksheets in order to account for the fact the first child in each home is the most expensive to support, as discussed in the Commentary to Guideline 1.

The suggested manner of computing the Child Support Obligation is as follows:

1. First, compute the support a father parent ("Pat") would pay to a the other parent ("Taylor") mother for the child(ren) in Taylor's her custody as if there were no other child(ren). they were the only children of the marriage. Pat should receive parenting time credit for overnights with the child(ren) in Taylor's custody.
2. Next, compute the support a Taylor mother would pay to a father Pat for the child(ren) in his Pat's custody as if they were the only children of the marriage. there were no other child(ren). Taylor should receive parenting time credit for overnights with the child(ren) in Pat's custody.
3. Finally, subtract the lesser child support obligation from the greater child support obligation amount. The parent who owes the remaining amount pays the difference to the other parent on a weekly basis. For example, if the first worksheet shows Pat should pay \$100.00 per week to Taylor and the second worksheet shows Taylor should pay \$75.00 per week, then Pat should pay Taylor \$25.00 per week in child support.

This method of computation takes into account the fact that the first child in each home is the most expensive to support, as discussed in the Commentary to Guideline 1.

...

GUIDELINE 7. HEALTH CARE / MEDICAL SUPPORT

...

Cash medical support. When health insurance is not accessible to the child(ren) at a reasonable cost, federal law requires the court to order the parties to pay cash medical support. Cash medical support is an amount ordered for medical costs not covered by insurance. The uninsured medical expense apportionment calculation on the Child Support Obligation Worksheet, "~~the 6% rule,~~" satisfies this federal requirement for a cash medical support order, when incorporated into the court order.

Explanation of 6% rule/~~u~~Uninsured health care expenses. The data upon which the Guideline schedules ~~are based no longer~~ include a component for ordinary health care expenses. The Guideline schedules have been adjusted accordingly. Ordinary uninsured health care expenses are paid by the parent who is assigned to pay the controlled expenses (the parent for whom the parenting time credit is not calculated) up to six percent (6%) of the basic child support obligation (Line 4 of the Child Support Obligation Worksheet). Routine non-prescription personal care expenses such as over-

the-counter medications, bandages, and vitamins which do not travel with the child and are kept in the purchasing parent's home are paid by the parent exercising parenting time when the expense is incurred. The parents shall share responsibility for uninsured health care expenses in proportion to their incomes. Uninsured health care expenses are defined as any health care expenses remaining after a claim has been submitted to the child's health insurance carrier. Uninsured health care expenses may include, but are not limited to, claims applied to the policy's deductible, claims in excess of policy limits, or the patient's responsibility after payments or discounts from the insurance carrier have been applied.

To request contribution from the other parent, copies of all documentation relating to the insurance claim and expenses paid or incurred by a parent must be provided to the other parent within thirty (30) days of receipt or the expense may be ineligible for contribution. Expenses paid at the time of service shall be submitted within thirty (30) days of the receipt of service. Extraordinary health care expenses are those uninsured expenses which are in excess of six percent (6%) of the basic obligation, and would include uninsured expenses for chronic or long term conditions of a child. Calculation of the apportionment of the health care expense obligation is a matter separate from the determination of the weekly child support obligation. These calculations shall be inserted in the space provided on the Worksheet.

Birth expense. Upon the establishment of paternity, Tthe court shall may order the father to pay a percentageat least fifty percent (50%) of the reasonable and necessary expenses of the mother's pregnancy and childbirth, as part of the court's decree in child support actions. The costs to be included in apportionment are pre-natal care, delivery, hospitalization, other necessary and reasonable expenses incurred in connection with the child's birth; incurred in connecton with the child's birth, post-partum expenses; and post-natal care. The paternity statutes require the father to pay at least fifty percent (50%) of the mother's pregnancy and childbirth expenses.

COMMENTARY

...

Parental Self-Monitoring and Compliance.

Parents should cooperate with one another to ensure the child(ren) remain insured at all times. The court should order the parent providing health insurance to show proof of coverage; provide insurance cards, claim forms, website addresses, and any other material to permit claims to be filed with the insurance carrier; and give notice of any coverage changes, including termination of coverage, to the other parent. See Indiana Parenting Time Guidelines I, D. paragraph 5.

Apportionment of Uninsured Health Care Expenses. ~~—Six percent (6%) of the support amount is for health care. The nonecustodial parent is, in effect, prepaying health care expenses every time a support payment is made. Consequently, the Guidelines require that custodial parent bear the cost of uninsured health care expenses up to six percent (6%) of the Basic Child Support Obligation found on Line 4 of the Child Support Obligation Worksheet and, if applicable, the child support obligation attributable to a student living away from home (Section Two Line I of the Post-Secondary Education Worksheet).~~

~~That computation is made by multiplying the total of Line 4 and Line I by 52 (weeks) and multiplying the product of that multiplication by .06 to arrive at the amount the custodial parent must spend on the uninsured health care costs of the parties' child(ren) in any calendar year before the nonecustodial parent is required to contribute toward payment of those uninsured costs. For example, if Line 4 is \$150.00 per week and Line I is \$25.00 per week, the calculation would be as follows: $\$150.00 + \$25.00 = \$175.00 \times 52 = \$9,100.00 \times .06 = \$546.00$.~~

~~Thus, on an annual basis, the custodial parent is required to spend \$546.00 for health care of the child(ren) before the nonecustodial parent is required to contribute. The custodial parent must~~

~~document the \$546.00 spent on health care and provide the documentation to the noncustodial parent.~~

~~After the custodial parent's obligation for ordinary uninsured health care expenses is computed, provision should be made for the uninsured health care expenses that may exceed that amount. The excess costs should be apportioned between the parties according to the Percentage Share of Income computed on Line 2 of the Worksheet. Where imposing such percentage share of the uninsured costs may work an injustice, the court may resort to the time-honored practice of splitting uninsured health care costs equally, or by using other methods. The court may prorate the custodial parent's uninsured health care expense contribution when appropriate.~~

~~An earlier economic model estimated uninsured health care expenses to be 6% of the Basic Child Support Obligation. That model is out-of-date and is no longer utilized in the development of the current Guideline support schedule. In addition, the former "6% Rule" often required burdensome record-keeping and proved to require excessive use of judicial resources to enforce. Consequently, the Guidelines require the parent exercising parenting time bear the cost of routine non-prescription personal care expenses which are not normally submitted to the child's health insurance carrier for payment or reimbursement. These expenses are part of the basic child support obligation and the parenting time credit. When a claim is submitted to the health insurance carrier, the parties should contribute to the uninsured portion of the claim in proportion to their incomes as shown in the Child Support Obligation Worksheet.~~

~~As a practical matter, it may be wise to spell out with specificity in the order what uninsured expenses are covered and a schedule for the periodic payment of these expenses. For example, a chronic long-term condition might necessitate weekly payments of the uninsured expense. The order may include any reasonable and medically necessary medical, dental, orthodontic, hospital, vision, pharmaceutical and psychological expenses deemed necessary for the health care of the child(ren). The court may consider the reasonableness of the use of out-of-network providers. The order may exclude from contribution any claims rejected for failure to obtain preapproval for particular procedures or health care providers. If it is intended that such things as aspirin, vitamins and band-aids be covered, the order should specifically state that such non-prescription health care items are covered.~~

~~There are also situations where major health care costs are incurred which for a single event such as orthodontics or major injuries. For financial reasons, this may require the custodial parents to pay the provider for the amount not covered by insurance over a number of years over time, for example, long term orthodontic treatment, major injuries or long-term chronic conditions. The 6% rule applies. The apportionment of the uninsured health care expenses applies to expenses actually paid by the custodial parents, each year.~~

Birth expenses. There is no statute of limitations barring recovery of birthing expenses, providing the paternity ~~action or child support action~~ is timely filed. The court should be very careful to be sure the claimed expenses are ~~both reasonable and necessary~~. Birthing expenses include both the expenses incurred by the child as well as by the mother, providing they are directly related to the child's birth. Under current law, both postpartum and postnatal expenses are now reimbursable, as well as ~~The court should distinguish between "postpartum expenses" and "postnatal expenses."~~ "Postpartum" expenses are mother's expenses following the birth of the child. "Postnatal" expenses of the child are those expenses directly related to the child's birth. Between the two, only "postnatal" expenses are reimbursable. other necessary and reasonable expenses incurred in connection with the child's birth. The father must be ordered to pay at least fifty percent (50%) of the expenses, although the court has discretion to order father to pay a higher percentage.

...

Worksheet – Child Support Obligation

Each party shall complete ~~that their~~ portion of the worksheet ~~that applies to him or her~~, sign the form and file it with the court. This worksheet is required in all proceedings establishing or modifying child support.
